

FIRETECH

FIRETECH WRAP

DESCRIPTION

- FireTech is the ultimate heat protection for cables
- Solid braided glass fibre sleeving, with thick silicone cover
- Superior short-term flame protection and excellent temperature reduction
- Resistant to hydraulic fluids, lubricating oils and fuels
- Protects against molten splash, occasional flames, heat radiation, energy loss in piping and hoses
- Protects workers from burns

SPECIFICATIONS

- Silicone over fibreglass sheet
- Colour: orange
- Temp. range:
 - +260°C (500°F) continuous,
 - +1090°C (2000°F) for 15-20 min.
 - +1650°C (3000°F) for 15-30 sec.

APPLICATIONS

- Extreme duty applications
- Extreme heat or flame

FIRETECH WRAP:

Item ID	Size	Std. Pkg. ft	Weight kg (lb) per pkg
FTW-1-1	1"	100	2.70 (6.0)
